Subject: registering as speaker for FDA barcode meeting

Dear Mary,

Other than submitting a summary by July 12,
is there anything more I need to do to register
to speak at the 26 July meeting?

I'm away from the office for two weeks, and
will send you a summary the week of July 8. Is
a one-page abstract OK?

If you need a title now, how about:

"Barcoding recommendations of the Vaccine
Identification Standards Initiative"

Thanks,

Bruce

Assistant Chief for Vaccine Development
Vaccine Safety and Development Branch
National Immunization Program
Centers for Disease Control and Prevention
